Note: All sailors, coaches must be prepared to be on the water, over a mile from our docks, **all day**. No one will be ferried back to shore, except for injury or illness.

Lunch – Bring your own lunch/snacks/water out to the race course on mini-barge or red inflatable. All sailors will be on the water a mile or more from our docks. We may not stop for a lunch break. Plan on being on the water all day.

Heads – Our sailing school building has heads, showers and a washer/dryer. Restaurant also has heads. Clammer, the RC boat, has a porta potti as well as the white mini-barge which will be on station near the starting line. Competitors please use the white mini-barge head when on the water.

les and running rigging. Sails are new fall 2015 and feature square
th tillers through shock cord and line tie in to pad eye, check tanks for

in Long Island Sound. Harbor can be shallow in areas and there are
rocks. We have several racing areas but most likely we will be racing off St. Mary's Point on Long Island Sound at the
western side at the mouth of Black Rock Harbor. Racing areas may change in afternoons, dependent upon wind strength and
direction, sea conditions and tide. Please pay attention in skipper's meeting concerning hazards in the racing areas.

Rotations – Weather permitting, we intend to have all sailors on the water, all day, with rotations off the white mini-barge and
the red inflatable. We “may” opt for an early afternoon break, dependent upon wind and weather conditions and races
completed. Rotations will be posted on the entrance door to classroom and on white mini-barge inside cuddy cabin door.

Spectators – Please email by prior Friday how many parents, coaches and substitutes are expected for each team so we can try
to accommodate everyone at the pizza party and coaches and substitutes on the powerboats.

Capsize – White Key West is typically rescue boat. It is important to move quickly to right the boat to avoid turtling because
the bottom is thick, smelly black mud.
