CORRECTION - Report time is 0900. That's a lot better.

Competitor meeting after that.

Hello from Lakeville -

I look forward to seeing you on Sunday - report time is 0830. I will have our competitor meeting at 0915. If you need directions to the lake please let me know. The school address is [11 Interlaken Road, Lakeville, CT 06039](#). The lake road is west of the main entrance to the school. The school switchboard # is 860-435-2591 and my cell is 860-671-1252. I will be on-site at 0815.

Because we are down to seven schools I am planning on using the combined division scoring in Tech Score. This will give us better races and allow us to run seven races instead of fourteen. As many of you know - the lake can be fickle and to get a large number of races off is often a challenge. This will also help with our courses as it means fewer marks and one committee boat. The less anchoring and moving marks

in 115 feet of water the better. I plan on W4's unless the wind is out of the south or east and then we will run a W3 or 5 in the second race of a series.

Therefore, we will have fourteen boats on the line at once - two from each school. Tech Score allows the divisions to be scored separately even though they are all in one race. We will rotate boats every two races. I will plan a short lunch break unless we can't get races off in the morning.

I do not expect any trouble with 'team' racing between boats of the same school.

We have two restrooms and a changing room. We will also open the upper floor of the boathouse for viewing and will provide water as well as some treats.

If you have questions or concerns let me know via this email or phone - the cell works at the lake but not many other places, so my office is 860-435-3020 and my home is 860-435-2489.

Roger
